Eric & Ryan,

I hope this finds you well. We've finally reached the point in our investigation where the NTSB draft Investigation Report for Saratoga, CA is ready for technical review by the parties. Though Tesla is not a party to this investigation we are providing the report so you can verify the accuracy and completeness of the factual information gathered during our investigation. Please look over our report and make sure that the factual information is in line with the data provided. Comments are due back in two weeks from today, by Thursday August 12, 2021. Your comments can be provided in any written form you like.

Note that this is an "Incident" investigation and therefore there are no findings, probable cause, or safety recommendations, after the report is tech reviewed it will have its final edits and placed in the public docket with the attachments. Like always if you have any questions, please feel free to contact me anytime.

Thank you,

Dave

David Pereira
